17<sup>th</sup> March 2020

Dear parents/ carers.

### **RE. COVID 19**

I am writing to inform you about the current pandemic which is having an impact on us globally. I understand that this is a worrying time for all of us and as a nursery; we are doing our utmost to manage the situation in accordance to the advice from the Government.

We are asking all parents to download the nursery APP, as this is the main form of communication at the moment.

Please download this on your device searching 'School app > Tamba Nurseries Ltd (H.O.) > Select > **Username:** Tam > **Password:** 2050

This is a changing situation, and we will do our very utmost to keep you informed regularly. Therefore, we cannot determine the actions, which could possibly implement in the forthcoming days e.g. closure.

Following the latest Government advice, we will be remaining open until further notice. Presently, following the new guidelines will now be in place with immediate effect.

- *Please do not send your child/children into nursery if they have a temperature above 37.8. Children who develop a temperature during their nursery session will need to be collected immediately - Children should remain at home for 14 days.*
- *Please do not send your child/children into nursery if they have a persistent cough or develop a new cough. Children should remain at home for 14 days.*
- *Children who have had a temperature must remain at home till 14 days are up.*
- *Parents/ visitors will not be allowed into the setting, and children will be accompanied to and from the main door.*
- *All events, outings and additional activities will be cancelled until further notice.*
- *Everyone will still be required to wash hands on entry and hand washing will take place more frequently.*

*Our service will continue to run as usual unless informed by the local authorities to close. If this is the case, we will contact you immediately and keep everyone updated via Tamba app. At present, please note all fees are still required as per the terms and conditions. We kindly ask that all parents/carers take into consideration the detrimental effect of closing the nursery and the impact it will have upon all of us e.g.: staff members, children and parents/carers.*

I appreciate that the new measures may cause inconvenience to parents/carers, however we must all work together to contain the virus. It is important that we continue to work together and support one another.

Best wishes

Sheila Poinosawmy  
Nursery Director
